Cookie Policy

This website uses cookies to better the users experience while visiting the website. Generally cookies are used to personalise content, to provide social media features and to analyse our traffic. We may also share information about your use of our site with our analytics partners and social media sites who may combine it with other information that you've provided to them or that they've collected from your use of their services.

Cookies are small text files that can be used by websites to make a user's experience more efficient.

The law states that we can store cookies on your device if they are strictly necessary for the operation of this site. For all other types of cookies this is optional, and you can find out how to opt-out or disable cookies entirely below.

In order to provide website visitors with more choice on how data is collected by Google Analytics, Google has developed the Google Analytics Opt-out Browser Add-on. The add-on communicates with the Google Analytics JavaScript (ga.js) to stop data being sent to Google Analytics. The Google Analytics Opt-out Browser Add-on does not affect usage of the website in any other way. A link to further information on the Google Analytics Opt-out Browser Add-on is provided below for your convenience.
